

# SPM32

## 3,200KG CAPACITY, BASELESS TWO POST LIFT

The Balco SPM32 is a traditional electro-mechanical, or 'screw' design, with a 3,200 kg capacity. This Clear-Floor 2 Post Lift is manufactured by the world-renowned lift manufacturer Rotary, in their Italian manufacturing plant.

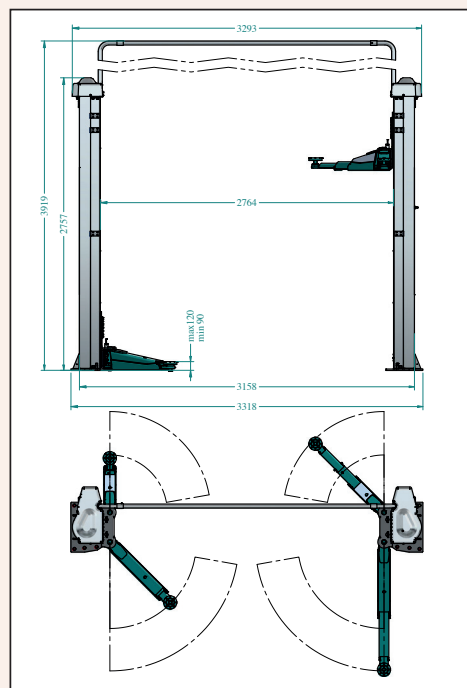

This model includes luxury features including Acoustic Descent (no need for toe guards) and versatile lifting arm configuration for maximum coverage.

### KEY FEATURES

- Baseless (Clear Floor) 2 Post Lift
- Lifting arm geometry designed to lift anything from small 'city cars' to long wheelbase cars
- Asymmetric arms: 2x short 3-stage arms and 2x long 2-stage arms with quick-fit telescopic rubber pad
- Equipped with an acoustic anti toe trap system - Free from mechanical foot guards
- Internal carriages run on lubricated sliding guides, which are protected from the external environment, maximising the life of the sliding elements
- Tested for 20,000 cycles

### SPECIFICATIONS

Lifting Capacity:	3,200 kg
Min required ceiling height:	4,050 mm
Overall height:	3,919 mm
Drive-Thru:	2,468 mm
Min/Max. pad Height:	90/120 mm
Max lifting height:	1,883 mm
Front Arm Min/Max:	511/914 mm
Rear Arm Min/Max:	805/1203 mm
Lifting/lowering time:	42 secs
Power supply (3Ph):	400 V   50 Hz
Motor power:	2x 2.6kW
