

Logik 6-2

Advanced CCD Wheel Aligner

The Logik 6-2 is the 'next generation' in wheel alignment, taking advantage of developments in technology in order to make this premium 6-CCD wheel aligner even more accessible than its predecessor.

New features include 'One-Piece' heads, which vastly reduce time when setting up the car and also when storing them, in-between alignments. A brand new, ergonomic design, and even 'slicker' software combine to make alignment even faster.

KEY FEATURES

■ New 2023 Cabinet Design

Shock-absorbing casters and a new, ergonomic design

■ 27" 'Anti-Glare' Monitor

Allows the screen to be viewed from any visible angle

■ Premium-quality 3-point clamps

Premium-quality, Italian-engineered clamps. Lighter to carry and arguably faster to set-up than any other clamp of similar design on the market

■ Autodata manual look-up

No tokens required!

■ 'One-piece Heads'

Allow the whole unit to be mounted on the cabinet and vehicle saving time, space and hassle

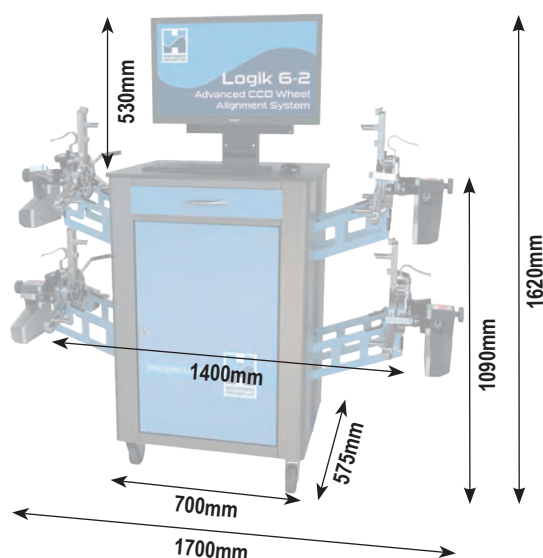

■ Cable charging

Just plug in the heads at the end of the day – maximises battery life

■ A more powerful, compact 'mini PC'

Has allowed us to introduce valuable internal storage without increasing the size of the cabinet

■ 3 Year Warranty*

The Logik 6-2 can also be used on a 2 post or mid-rise scissor lift using the optional kit.

COMPATIBLE
WITH 2 POST LIFTS

* PC 2 years, consumables 1 year
