

# MEGALINE OPTUS

## NEXT GENERATION WHEEL ALIGNMENT

**Vehicle geometry takes a leap forward with the megaline OPTUS from Hofmann Megaplan.**

Clamp-less, touchless and effortless - OPTUS provides wheel alignment measurements in just 5 seconds! Simply drive into view of the 3D scanners and, without even getting out of the car, OPTUS will measure toe, camber and thrust angles in just 5 seconds. OPTUS uses advanced technology cameras which can analyse wheel geometry without any contact with the wheel and the rim.

### KEY FEATURES

- Touchless (no clamps)
- Accurate measurements in less than 5 seconds
- Fully automatic
- HD cameras
- Full diagnosis report
- No regular maintenance

### SPECIFICATIONS

<b>Power supply:</b>	230V AC 1-phase 50/60 Hz / 115V AC 1-phase
<b>Max absorbed power:</b>	0.65 kW
<b>Max absorbed current:</b>	2.6 A-230V / 5.2 A-115V
<b>Measuring time:</b>	<5 s
